General Certificate Acceptance

In general DNV normally accepts type approval certificates from other class societies when the type approval certificate states compliance with the correct applicable standards for the product.

Certificate no 75 281-09HH issued by GL states such compliance and will be accepted installed in DNV classed vessels covering the carriage requirement mentioned in SOLAS V reg. 19. (Navigation Equipment) for main class vessels.

If the product shall be installed in DNV additional (NAUT-OC/AW/OSV) classed vessels, additional testing and certification may be required.

Yours faithfully
for DET NORSKE VERITAS AS

Frode Brattum
Head of Section
Nautical Safety & Communication Systems
